INNOVATE DIGITAL MARKETING

In the heart of downtown Cologne, we work together to develop exciting and sophisticated software for ourselves and our international customers. Versatile projects, innovative challenges, the development of our own products - a digital world that we create in our team of over 75 sharp minds every day.

And we are looking for you - for the further joint development of a platform that supports our customers in the pharmaceutical industry in the challenge of digitalization. Microservices form the basis and offer plenty of opportunities for new frameworks and languages. The runtime environment is located in the AWS Cloud. Together with you we want to expand the platform and develop it into a stable software product.

YOUR TASKS:

- » Contribution of own ideas and eager to help shape the product range
- » Evaluation of new technologies
- » (Further) development of SPAs and possibly PWAs
- » Development of JavaScript-based libraries
- » Conception of modules and components for different projects

YOUR PROFILE:

- » Very good JavaScript (Vanilla JS) Skills
- » Experience with VueJS or comparable MVVM frameworks
- » Reliable usage of CSS3 and common preprocessors (Sass, Stylus, etc.)
- » Ideally, experience in building and developing SPAs
- » Minimum 3 years of work experience as a frontend developer
- » Independent and conscientious way of working
- » Good written and spoken German and English

WE OFFER YOU:

- » A great work atmosphere with an open, appreciative corporate culture
- » Flat hierarchies, direct communication channels and a great team with heart & humour
- » Exciting and diverse tasks in an international work environment
- » Long-term career prospects and diverse development opportunities
- » Many retreats in our themed focus, relaxation and gaming rooms
- » An awesome and comfy office in downtown cologne
- » Flexible working hours, home office and modern hardware/MacBook
- » Mentor program for Newbies
- » Public transport job ticket, fresh fruit, coffee, cocoa, water, tea...
