

WE ARE HIRING:

## SENIOR FULLSTACK DEVELOPER

(d/f/m)

GURU WANTED!

## INNOVATE DIGITAL MARKETING

In the heart of downtown Cologne, we work together to develop exciting and sophisticated software for ourselves and our international customers. Versatile projects, innovative challenges, the development of our own products - a digital world that we create in our team of over 75 sharp minds every day. You got some frontend and backend skills? - Then we look forward to your support.

## YOUR TASKS:

- » Evaluate the latest technologies
- » Hands-on coaching of the team to advance new concepts, ideas and technologies
- » Conception of software architecture/sparring when setting up new projects
- » Taking part in shaping our overall software architecture
- » Joint development of libraries
- » Assistance within demanding software projects

## YOUR PROFILE:

- » Very good JavaScript, PHP and NodeJS-Skills
- » Reliable use of HTML5 and CSS3
- » You know Linux, Docker and Git
- » Minimum 5 years of work experience in software development
- » Good German and English
- » Independent and conscientious way of working
- » Good analytical skills, thirst for knowledge and technological curiosity
- » You have fun motivating others and you are a good team player

## WE OFFER YOU:

- » A great work atmosphere with an open, appreciative corporate culture
- » Flat hierarchies, direct communication channels and a great team with heart & humour
- » Exciting and diverse tasks in an international work environment
- » Long-term career prospects and diverse development opportunities
- » Many retreats in our themed focus, relaxation and gaming rooms
- » An awesome and comfy office in downtown cologne
- » Flexible working hours, home office and modern hardware/MacBook
- » Mentor program for Newbies
- » Public transport job ticket, fresh fruit, coffee, cocoa, water, tea...
